

Neighbors Helping Neighbors Comprehensive Campaign

There is no room for further expansion at what has been our home for 20+ years. We've embarked on a comprehensive campaign to support a "here for good" future: a \$3 million facility investment with plans to move to **a new space that is double our current size** and \$2 million endowment to ensure reliable operations and program growth for decades to come.

Have your support memorialized by donating early and gaining naming rights and/or recognition

GIFTS WITH NAMING RIGHTS
